

Burrows Family Practice, Inc.

Cash Fee Schedule

Please note that we are **not** accepting new cash patients at the moment, due to it limiting the quality-of-care Dr. Burrows is able to give.

Dr. Burrows orders labs for his patients to complete on a regular basis, which he requires to be monitored for certain prescribed medications and medical conditions. Lab fees vary, and would also be an out-of-pocket expense for our cash patients.

Dr. Burrows relies on Specialists' care for some medical conditions of patients which can become costly for a cash patient to pay to receive treatment, sometimes even with multiple visits being necessary.

If Dr. Burrows needs to send out any biopsies or cultures for testing after a procedure was done, that will also have unknown lab fees.

Physicals-----	\$250.00
Adult Complex-----	\$225.00
